# INTRODUCTION

---

This document serves as a guide to the provider enrollment process for enrolling to provide Housing Stabilization Services (HSS) as a Minnesota Health Care Programs (MHCP) provider through the Minnesota Department of Human Services (MN DHS). This guide was created by the Housing Stabilization Services Technical Assistance Team (HSS-TA Team), which is a partnership between [CSH](#), [Ei-Consultants](#), [Housing Matters](#), [MESH](#), and [North Star Policy Consulting](#). ***This guide is NOT a substitute for official guidance from DHS.*** Please reference the [MN DHS Housing Stabilization Services Enrollment Criteria and Forms webpage](#) for more information.

*The HSS provider enrollment process is subject to change. Please check the MN DHS website for the most up-to-date information. The HSS-TA Team will work to keep this guide as current as possible.*

This guide focuses on completing the enrollment forms. There are two ways to complete these forms:

- (1) Online using the Minnesota Provider Screening and Enrollment (MPSE) Portal via the [MN-ITS](#) online system; or
- (2) Faxing the forms to MHCP Provider Eligibility and Compliance at (651) 431-7493.

The most up-to-date forms are available at the [DHS eDocs library](#). This guide provides examples of each required form with annotations clarifying how to complete them. The first section is a one-pager with information your agency can gather before completing the forms to help simplify the provider enrollment process. The following section is a walkthrough guide to using the MPSE Portal, and the last section is a guide to the fax option. The forms have been completed from the perspective of a fictional nonprofit. Modify the responses as appropriate for your agency/agency type.

As per the [MN DHS website](#), in addition to completing the enrollment forms discussed in this guide, providers must also complete the following in order to become HSS providers:

- Complete the annual [mandated reporter training](#), which includes training on vulnerable adult law. *(Applies to managers, supervisors, direct care staff, and staff who submit Housing Stabilization requests)*
- Pass a criminal background check. *(Applies to direct service HSS staff and managing employees; completed in NetStudy 2.0)*
- Be knowledgeable of local housing resources. *(Applies to all staff providing HSS)*
- Housing Consultation services providers must complete mandated [Housing Consultation](#) training on TrainLink. You will need a [unique key](#) to take this training. *(Applies to managers, supervisors, direct care staff, and staff who submit Housing Stabilization requests)*
- Housing Transition and Housing Sustaining services providers must complete mandated [Housing Transition and Housing Sustaining](#) training on TrainLink. You will need a [unique key](#) to take this training. *(Applies to managers, supervisors, direct care staff, and staff who submit Housing Stabilization requests)*

- ❑ All staff working directly with Housing Stabilization Services recipients must complete Housing Consultation, Housing Transition and Housing Sustaining training within 30 days of employment start date. *(Applies to all staff providing HSS)*
- ❑ Housing stabilization providers need to follow Home and community-based services requirements. Review the [Home and community-based services providers](#) webpage for additional information.

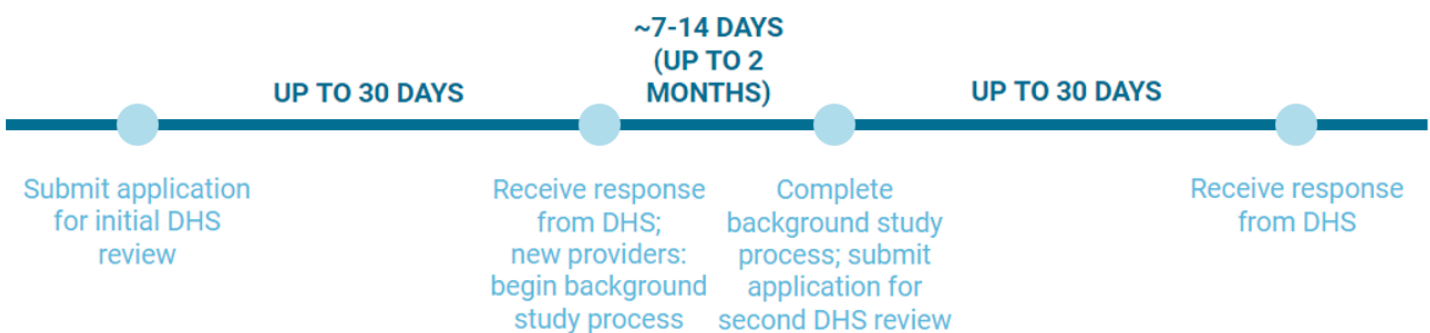

## Timeline

Please allow for up to 30 days for DHS to process your application. Within 30 days of application submission, DHS will issue a MHCP Enrollment – Request for More Information letter via mail if you applied via fax, or via MPSE Portal if you applied online. **You will not be notified via email.**

This letter will include instructions for setting up your agency’s HSS program in NETStudy 2.0 for completing background studies, and it will also inform you of any issues with your application so that you can correct them when resubmitting your application. Depending on how quickly you initiate the background study process in NETStudy 2.0, we anticipate that it could take around two weeks to complete the background study process. DHS allows up to two months to complete the background study process—your agency’s deadline should be listed on your initial review response letter from DHS.

After completing the background study process and updating Form DHS-3891, upload the new Form DHS-3891 in the MPSE Portal under the “Notes” section, or fax it to DHS if you applied via fax. If DHS noted other needed revisions to your application in the letter, also make those changes when resubmitting your provider enrollment application. If you are using the MPSE Portal, your entire application will be reverted to a draft, but the only change that needs to be made before resubmission is updating Form DHS-3891, unless the letter from DHS indicates that you must make corrections to your application.

Please allow up to 30 days to hear back from DHS when you submit your provider enrollment application for the second review.

## Important Notes

- Application fees must be paid prior to applying and are paid via the [MHCP Provider Screening Fee Collections System](#).
  - When you pay the provider enrollment fee, be sure to keep a record of your payment. This could be a printout of the MHCP Provider Screening Fee Collections System website immediately after

paying (e.g., a screenshot of the website, the website printed to PDF, or a scan of a physical printout of the webpage), or a printout of the email confirmation of payment.

- Please ensure that the address associated with the fee payment matches the physical practice address that you enter on your provider enrollment application.
- Housing Sustaining Services providers who own or control multiple locations (site-based housing) where services will be provided must pay an application fee for each location.
- Prior to submitting a HSS provider enrollment application, the [mandated reporter training](#) and the [TrainLink Housing Stabilization Services trainings](#) pertinent to the services your agency will be providing must be completed by the following staff, as noted on Forms DHS-7968 and DHS-7867: managers, supervisors, direct care staff, staff who submit Housing Stabilization requests. Please maintain a record of the completion of these trainings by each staff.
  - The HSS-TA Team has created a document with links to the trainings and explanations of how to access the TrainLink HSS trainings, available [here](#).

## NETStudy 2.0 Background Studies

Background studies are completed using the NETStudy 2.0 system. You will not be able to initiate background studies for HSS provider enrollment until DHS issues a Facility ID/Agency ID for your agency's HSS program following DHS's initial review of your HSS provider enrollment application. Regardless of whether your agency already has a NETStudy 2.0 account, you will need to resubmit your HSS provider enrollment application after DHS's initial review.

DHS's first review of your agency's HSS provider enrollment application can take up to 30 days, and the second review can take up to an additional 30 days. Depending on how quickly you set up your NETStudy 2.0 account, we anticipate that the background studies process could take up to 14 days to initiate. DHS allows up to two months to complete the background study process—your agency's deadline should be listed on your initial review response letter from DHS.

**If you do not already have a NETStudy 2.0 account**, set up your NETStudy 2.0 account by following the process indicated in the MHCP Enrollment – Request for More Information letter issued by DHS after they have reviewed your HSS provider enrollment application. This letter will assign your agency a Facility ID/Agency ID and provide instructions for NETStudy 2.0 system onboarding. Follow the directions in the letter to access the NETStudy 2.0 system and initiate background studies for managing staff/owners. Then, update Form DHS-3891 to include your staff's background study numbers, as well as the newly assigned Facility ID/Agency ID, and resubmit your application with the updated Form DHS-3891.

**If you already have a NETStudy 2.0 account**, you can add your agency's HSS program's Facility ID/Agency ID to your existing NETStudy 2.0 account. After DHS's initial review of your agency's HSS provider enrollment application, DHS will issue you a MHCP Enrollment – Request for More Information letter that includes a Facility ID/Agency ID to use in NETStudy 2.0 for your agency's HSS program. Email the point of contact for NETStudy 2.0 listed in the letter and request to add that Facility ID/Agency ID to your existing NETStudy 2.0 account.

If your staff already have background studies completed in NETStudy 2.0, you may be able to affiliate the existing background studies from an existing NETStudy 2.0 program roster to the new HSS roster, while still keeping the background studies on the original roster. This may be possible if the existing background study

had the same standards as the HSS background study. Information about this process is available at 2:47 in the [Minnesota DHS Training - Roster part 2 YouTube video](#). We recommend you [contact DHS's NETStudy 2.0 team](#) for more information. This process would only be able to be completed once the new NETStudy 2.0 Facility ID/Agency ID for your agency's HSS program is issued following DHS's initial review of your agency's HSS provider enrollment application.

**Who needs a background study?**

- Once you have access to NETStudy 2.0 following DHS's initial review of your agency's HSS provider enrollment application, you will need to initiate background studies for the staff listed on DHS-3891.
- You will also need to run background studies in NETStudy 2.0 for all staff who will be providing Housing Stabilization Services (i.e., direct staff). You do not need to initiate these background studies for direct staff until your agency is approved to provide HSS. Your agency should provide oversight of each staff that will have direct contact with people served by the program until DHS issues a notice of the background study results.
- For nonprofits, members of the Board of Directors need to be listed on Form DHS-5259, but not on Form DHS-3891. They do not need to have background studies completed.

	Need a Background Study Completed	List on Form DHS-3891	List on Form DHS-5259
Managing employees and owners	✓	✓	✓
Board of Trustees members			✓
Direct service staff	✓		

You are able to appeal background study determinations for reconsideration if any staff's background study determination comes back as "disqualified." More information about the appeals process is available on [NETStudy 2.0's Appeals webpage](#).

## Before You Begin...

Consider registering for a National Provider Identification number.

- The HSS-TA Team recommends using an NPI as opposed to an UMPI as some providers have run into issues with billing using an UMPI. Please note that you can still choose to use an UMPI.
  - NPI numbers can be obtained via the [NPPES Portal](#).
  - NPIs can generally be obtained within a day.
  - If your organization (or a different department within your organization) has obtained an NPI in the past, you may need to identify the NPI admin within your organization for assistance with applying for a new NPI for your HSS program.
  - [This NPI Application guide](#) from the California Department of Health Care Services goes through the step-by-step process of applying for an NPI in the [NPPES Portal](#).
- NPI numbers can be obtained via the [NPPES Portal](#).
- When signing up for an NPI, use the following taxonomy code: 251B00000X - Case Management.
- If your agency prefers to use a UMPI, please note that you cannot use an existing UMPI. DHS will assign your agency a new UMPI for HSS. Leave the NPI/UMPI field(s) blank on the forms for the initial submission, and then add the UMPI number to the forms once DHS assigns your agency a UMPI.
- More information about using NPI v. UMPI is available [here](#).

Does your agency have an electronic funds transfer (EFT) vendor number, sometimes referred to as a SWIFT vendor number? This is a 10-digit vendor number followed by a 3-digit location number assigned from Minnesota Management & Budget (MMB) to receive electronic funds transfer.

- If your agency does have an EFT vendor number but you are unsure of the location code, the default location code is 001.
- If your agency does not have an EFT vendor number, please follow the guidance on the [MMB website](#) or request technical assistance. A guide to the registration process is available [here](#).
  - Register [here](#).
- The Minnesota Supplier Portal is available [here](#).
- Be sure to sign up as a **New Supplier**.

## Additional Resources

In addition to this guide, the HSS-TA Team offered a Provider Enrollment and Compliance Learning Session as part of their Housing Stabilization Services Learning Session series. [The Powerpoint is available on the MESH website.](#) The HSS-TA Team also offered a different Provider Enrollment webinar as part of the Medicaid Academy held in early 2021. [The Powerpoint and recorded webinar are available on the MESH website.](#) The HSS-TA Team may hold additional provider enrollment webinars in the future. Upcoming trainings are posted on the [MESH website](#).

# GETTING STARTED – GATHERING INFORMATION

Before your agency begins the Housing Stabilization Services (HSS) provider enrollment process, we recommend gathering the following information so that you are prepared to complete the forms more quickly and efficiently.

Item	Your Agency's Information
Federal Employer Identification Number (FEIN)	
MN Tax ID Number (if applicable)	
National Provider Identifier (NPI) <i>(do not need if your agency would like a new Unique Minnesota Provider Identifier (UMPI)* assigned by DHS)</i>	
MMB EFT SWIFT Vendor Number	
Authorized Officer name and title	
Authorized Officer email address	
Authorized Officer phone number	

*\*The HSS-TA Team recommends using an NPI as opposed to an UMPI as some providers have run into issues with billing using an UMPI, particularly when using certain EHRs. Please note that you can still choose to use an UMPI.*

We also recommend reaching out to your agency's **managing employees, owners, and/or board members** as early in the HSS provider enrollment process as possible to collect the following information. *Please note that this information is required for managing employees, owners, and board members, but only managing employees and owners need to have a background study completed. DHS requires this information to complete Form DHS-5259, or the Owners / Authorized Persons section of the MPSE Portal if applying via MPSE Portal.*

- Full legal name (first, middle, and last) – *must include full middle name, or indicate that the individual does not have a middle name*
- Social security number
- Date of birth
- Home address (street, city, state, zip code, county)
- Hire date
- Termination date (if applicable)
- Relationship to any other managing employees, owners, or board members (spouse, child, parent, sibling)
- Whether they have an ownership or control interest in any other Medicaid-disclosing entity

# OPTION 1: ONLINE ENROLLMENT VIA THE MPSE PORTAL

The first option is to enroll online using the MPSE Portal. Unlike with the fax option, this option allows you to confirm that your application has been submitted and received.

Prior to completing the HSS provider enrollment process, your agency will need to decide whether you would prefer to use an NPI or UMPI. **The HSS-TA Team recommends using an NPI as opposed to an UMPI** as some providers have run into issues with billing using an UMPI, particularly when using certain EHRs. NPI numbers can be obtained via the [NPPES Portal](#) and are generally assigned the same day of application. If your organization (or a different department within your organization) has obtained an NPI in the past, you may need to identify the NPI admin within your organization for assistance with applying for a new NPI for your HSS program. [This NPI Application guide](#) from the California Department of Health Care Services goes through the step-by-step process of applying for an NPI in the [NPPES Portal](#).

## Required Paper Forms

For agencies enrolling via the MPSE Portal, please note that the following PDF forms must be completed and uploaded to the MPSE Portal:

- For the most up-to-date forms, visit the [DHS eDocs library](#).
- [DHS-4138](#) - MHCP Provider Agreement Form
- [DHS-7618](#) - Home and Community-Based Settings Applicant Assurance Statement
- [DHS-3891](#) - Request for Licensing Agency ID Number
- [MHCP Fee Payment](#) Confirmation
- If your agency plans to provide Housing Consultation Services: [DHS-7968](#) - Housing Consultation Provider Assurance Statement
- If your agency plans to provide Housing Transition and Housing Sustaining Services: [DHS-7967](#) - Housing Transition and Housing Sustaining Provider Assurance Statement

Completed and annotated examples of these forms are available later in this document under “Option 2: Enrollment via Fax.”

## Accessing the MPSE Portal via MN-ITS

If you have never used the [MN-ITS](#) system before, follow the registration process for the MPSE Portal [here](#). More information about the registration process is available [here](#).

Existing providers who already have a MN-ITS account should already have access to the MPSE Portal within MN-ITS, highlighted in the screenshot on the following page. If you do not have an option to access the MPSE Portal once logged into MN-ITS, another staff at your agency needs to grant your account permission to access the MPSE Portal. If this is the case for you, please contact your agency’s MN-ITS administrator. The login page for the MN-ITS online system can be accessed [here](#).

Once you are logged into MN-ITS, select “Minnesota Provider Screening and Enrollment (MPSE) Portal” in the left sidebar.

# First Time MPSE Portal User: Getting Started: Creating a Profile Request

If your agency has already used the MPSE Portal in the past to create a profile request, skip this section and move onto the next section, "If You Have Used the MPSE Portal Before: Getting Started: Creating a New Enrollment Record Request." If this is your agency's first time using the MPSE Portal, follow the instructions below.

Once you have opened the MPSE Portal, you will see a screen similar to the one below. If you have never used the MPSE Portal before, click on "Create a New Profile Request" to begin the application to enroll as a HSS provider, as shown in the screenshot below.

The screenshot displays the MPSE Portal interface. At the top, there are logos for the Minnesota Department of Human Services and MN-ITS, along with a 'Logout' link and a 'Help' button. The main heading is 'Manage Portfolio'. Below this, a light blue box contains instructions: 'Use this page to manage your provider portfolio. You can manage your profile or create a new profile request. You can also retrieve and complete your submitted paper request.'

A search bar and a 'Show 10 entries' dropdown are located above a table. The table has a blue header that reads 'Profile Requests Existing requests will appear here.' The table columns are 'Submit Date', 'Status', 'Request Information', 'Request Details', and 'Request Actions'. One entry is shown with a status of 'Pending Review'. The 'Request Information' column lists 'Type: Profile request', 'Indicators', 'Requestor', and 'Request Id'. The 'Request Details' column lists 'Portfolio Type: Organization', 'Legal Name', 'Enrollment Records', and 'Owner / Authorized Persons'. The 'Request Actions' column contains links: 'View Request', 'Revert To Draft', 'Summary Report', 'View Differences', and 'Report'.

Below the table, it says 'Showing 1 to 1 of 1 entries' with 'Previous' and 'Next' navigation buttons. At the bottom, there is a green text prompt: 'Click this button to create a new profile request.' A blue button labeled 'Create a New Profile Request' is highlighted with a green box. To its right is a 'Retrieve Portfolio' button.

The right sidebar contains a 'Progress' section with the text 'Select a screen name to view that screen.' and 'Section or screen is in progress.' Below that is a 'Home' link and a 'Related Links' section with links to 'Partners and Providers Home Page', 'MHCP Provider Manual Home', and 'MPSE User Manual'. At the bottom of the sidebar is a 'Questions or Comments?' section with a 'Contact Us' link.

At the very bottom of the page, there is a footer with copyright information: '© 2015 Minnesota Department of Human Services Online' and 'Minnesota.gov is led by MN.IT Services'. On the right side of the footer, there are links for 'Accessibility', 'Terms/Policy', 'Contact DHS', and 'Top of Page'.

After selecting “Create a New Profile Request,” you will be taken to the “Select Request Type” page. If you have never used the MPSE Portal before, the portal will default to creating a Profile Request, where you will need to enter your agency’s legal name and FEIN, as shown in the following two screenshots. Please ensure that the request effective date that you select on this screen aligns with the request effective date indicated on your agency’s PDF HSS provider enrollment forms.

If you have used the MPSE Portal before, the home screen should look similar to the screenshot below. Select "Create a New Request" to get started with the HSS provider enrollment application.

The screenshot displays the MPSE Portal Home interface. At the top, there are logos for the Department of Human Services, MN-ITS, and the state of Minnesota. A navigation bar includes a Logout link and a Help link. The main content area is titled "Manage Portfolio" and contains a descriptive text box, a "Master Profile" section with various input fields (Legal Name, FEIN, SSN, Ownership Type, Last Profile Update), and a "Return Requests" section with a link to "Returned Requests". Below this is a "Requests" table with columns for Submit Date, Status/Outcome, Request Information, Request Details, and Request Actions. A sidebar on the right lists "Progress" items and "Related Links" such as Home, Profile Identifier, and Enrollment Records.

## Owners / Authorized Persons

*The next section is Owners / Authorized Persons, which corresponds to Form DHS-5259, Disclosure of Ownership and Control Interest of an Entity. You do not need to complete the PDF version of this form if you are applying via MPSE Portal.*

Each provider entity must complete the following sections for all people, businesses or organizations that meet any of the following criteria:

- Have an ownership or control interest of 5 percent or more in this disclosing entity
- Have an ownership or control interest in a subcontractor in which this disclosing entity has a direct or indirect ownership interest of 5 percent or more
- Are a managing employee (see definitions on page 5 of DHS-5259)

Please note that nonprofits should include board members and managing employees. If you have questions about who to include in this section, please contact DHS provider enrollment.

Please note that you will need to keep the owners / authorized persons listed in this section up-to-date, even after completing the provider enrollment process. If the owners / authorized persons for your agency change after you are an enrolled HSS provider, please update this section in the MPSE Portal.

Select “Add a Person” (or “Add a Business” if applicable) to add entities as needed for your agency.

## After Initial DHS Review: Completing Background Studies and Resubmitting Your Application

After submitting your application, DHS will take up to 30 days to review it. After DHS has reviewed it, they will send your agency a MHCP Enrollment – Request for More Information letter with next steps, which will be uploaded to the MPSE Portal and sent via USPS mail. **You will not be notified via email.** This letter will assign a Facility ID/Agency ID for running background studies for your HSS program in NetStudy 2.0. Follow the directions in the letter to set up your agency’s NETStudy 2.0 account. If your agency already has a NETStudy 2.0 account, you can request to add the newly assigned Facility ID/Agency ID for your agency’s HSS program to your existing NETStudy 2.0 account.

After setting up your NETStudy 2.0 account, initiate background studies for the individuals listed on Form DHS-3891 and update the form to include their BGS number and the newly assigned Facility ID/Agency ID, as per the instructions in your letter from DHS.

At this time, your application will be reverted back to being a draft, allowing you to make changes to your provider enrollment application.

The initial review letter from DHS will also inform you of any other issues or errors with your application, and you will be able to make corrections when you resubmit your application. Please make these corrections.

If you have questions about anything included in the MHCP Enrollment – Request for More Information letter, please feel free to reach out to Skye Hart from the HSS-TA Team (not affiliated with DHS) to troubleshoot ([skye@ei-consultants.com](mailto:skye@ei-consultants.com)), or reach out directly to DHS’s provider enrollment department.

Once DHS has completed the initial review of your agency’s HSS provider enrollment application, your MHCP Enrollment – Request for More Information letter will be available in the MPSE Portal under Returned Requests. This section will be available to your agency on the first page that appears after logging into the MPSE Portal (Manage Portfolio) once DHS has returned your application. Note that your profile request has been reverted back to a draft, allowing you to make revisions.

Please review the letter and if necessary, make changes to your application. Then, follow the directions in the letter to set up your agency’s NETStudy 2.0 account and initiate background studies for staff and owners listed on Form DHS-3891. Next, add their BGS numbers and the newly assigned Facility ID/Agency ID to Form DHS-3891. You will now need to reupload Form DHS-3891.

To upload your updated Form DHS-3891, you will need to navigate to Enrollment Records > Notes. From the first screen you see when logging into the MPSE Portal (Manage Portfolio), select "Edit" next to the appropriate profile request.

After resubmitting your HSS provider enrollment application, DHS has up to 30 days to review your application. After they review your application, they can either approve it, or issue you another MHCP Enrollment – Request for More Information letter requesting additional changes to your application. If you are asked to make additional changes, please make those changes and resubmit your HSS provider enrollment application. If you have any questions about this process, please feel free to reach out to Skye Hart from the HSS-TA Team (not affiliated with DHS) to troubleshoot ([skye@ei-consultants.com](mailto:skye@ei-consultants.com)), or reach out directly to DHS’s provider enrollment department.

## OPTION 2: ENROLLMENT VIA FAX

---

When enrolling via fax, the following forms must be completed and faxed to MHCP Provider Eligibility and Compliance at (651) 431-7493:

- For the most up-to-date forms, visit the [DHS eDocs library](#).
- [DHS-8018](#) - Housing Stabilization Services Provider Enrollment Application
- [DHS-4138](#) - MHCP Provider Agreement Form
- [DHS-5259](#) - Disclosure of Ownership and Control Interest of an Entity
- [DHS-7618](#) - Home and Community-Based Settings Applicant Assurance Statement
- [DHS-3891](#) - Request for Licensing Agency ID Number
- [DHS-3725](#) - EFT Vendor Number Notification
- [MHCP Fee Payment](#) Confirmation
- If your agency plans to provide Housing Consultation Services: [DHS-7968](#) - Housing Consultation Provider Assurance Statement
- If your agency plans to provide Housing Transition and Housing Sustaining Services: [DHS-7967](#) - Housing Transition and Housing Sustaining Provider Assurance Statement

For agencies enrolling via the MPSE Portal, please note that all forms except for DHS-8018, DHS-5259, and DHS-3725 must be completed and uploaded to the MPSE Portal. However, the equivalent information is entered directly into the portal.

Prior to completing the HSS provider enrollment process, your agency will need to decide whether you would prefer to use an NPI or UMPI. **The HSS-TA Team recommends using an NPI as opposed to an UMPI** as some providers have run into issues with billing using an UMPI, particularly when using certain EHRs. NPI numbers can be obtained via the [NPPES Portal](#) and are generally assigned the same day of application. If your organization (or a different department within your organization) has obtained an NPI in the past, you may need to identify the NPI admin within your organization for assistance with applying for a new NPI for your HSS program. [This NPI Application guide](#) from the California Department of Health Care Services goes through the step-by-step process of applying for an NPI in the [NPPES Portal](#).

The remainder of this section includes annotated examples of all forms. Yellow highlighting indicates that the field must be completed. Cyan highlighting indicates that the field may need to be completed. Green text and arrows provide notes or indicate that some sections may need to be completed. Please note that the upper right corner of the PDF forms lists the form number and the month and year that the form was last updated (e.g., 11-21, indicating that the version of the form was last updated in November 2021). The example forms on the following pages may not be the latest versions of the forms available, but the information requested should be similar. Please use your best discretion when referencing the example forms on the following pages.

MINNESOTA HEALTH CARE PROGRAMS (MHCP)

## Housing Stabilization Services – Provider Enrollment Application

To enroll to provide Housing Stabilization Services, complete your enrollment with MHCP in either one of the following ways:

- 1. Complete your application electronically by using our online system, the [Minnesota Provider Screening and Enrollment \(MPSE\) portal](#).**
  - New providers use [MPSE Registration](#).
  - Existing MHCP-enrolled providers, log in to your [MN-ITS](#) account. If you never registered your MN-ITS account, your login information is on your original "Welcome" letter. If you do not have your letter, contact the MHCP Provider Call Center at 651-431-2700 or 800-366-5411 for assistance.
- 2. Type or neatly print the requested information as completely as possible. Do not skip required fields. An incomplete form will delay processing this application. Fax completed forms to MHCP Provider Eligibility and Compliance: 651-431-7493.**

If you have questions about how MHCP may use and disclose private information about you, please see our [Data Privacy Notice \(DHS-6287\) \(PDF\)](#).

### Application Fees

An application fee is required when enrolling with a Federal Employer Identification Number (FEIN). You must enroll each practice location separately. You must pay the fee for each enrollment application before you submit the application. MHCP will not refund the application fee for a denied enrollment application. Select one:

- Application fee was paid to Minnesota Health Care Programs  
CONFIRMATION NUMBER: **MN2DHS 000000001**
- Application fee was paid to Medicare or another state's Medicaid program (attach proof of payment)
- Application fee is not required as I am applying with my SSN.

### Organization Information (All information is required)

Please indicate your request by choosing one:

- New enrollment**
- Reenrollment
- Revalidation
- Adding service

### Provider Identifier Information

If you are enrolling with a National Provider Identifier (NPI), include the NPI in the box. If you do not have or are not using your NPI for this location, MHCP will assign the record a Unique Minnesota Provider Identifier (UMPI) for billing and record identification. If your organization does not have an NPI, or if you are opting to not use and have never been assigned a UMPI, leave this section blank. The effective date of the UMPI will align with the Requested Effective Enrollment Date.

### Encounter Indicator HSS providers should select "Fee-for-Service and In-Network Managed Care."

Select an encounter indicator option that describes your enrollment record.

- Fee-for-Service and In-Network Managed Care:** Fee-for-service (FFS) providers see MHCP members on Medical Assistance (MA) who are not enrolled with a managed care organization (MCO). In a FFS delivery system, providers bill MA directly and receive reimbursement for each covered service. MCO in-network managed care providers are providers who see MHCP members who are enrolled with an MCO and bill for those services through the MCO. By selecting this field, you are not required to be enrolled for MCO but are eligible.
- In-Network Managed Care Only:** MCO in-network only is for providers who are enrolled with one or more MCOs and provide services to members who are enrolled with that MCO. Services provided to members through an MCO are billed through that MCO. NOTE: Choosing this option means I will not provide services to FFS members.

### Remittance Sequence Select one. This is the order that DHS will send remitted claims. Choose the option your agency would prefer.

Every two weeks, the Department of Human Services (DHS) will provide you with a report called a Remittance Advice (RA). This report will tell you the status of any claims you have submitted to DHS. This information will be listed on the RA alphabetically by member last name, unless you request a different order here. Check **only one** of the following:

- Alphabetically by member last name
- DHS transaction control number order
- Member MHCP ID number order
- Patient account or own reference number order

# DHS-4138 - MHCP Provider Agreement Form

MINNESOTA HEALTH CARE PROGRAMS (MHCP)

## Provider Agreement

As a participating provider in Minnesota Health Care Programs (MHCP) administered by the Minnesota Department of Human Services (DHS), the provider agrees to:

1. Furnish DHS, the Secretary of the U.S. Department of Health and Human Services (DHHS), or the Minnesota Medicaid Fraud Control Unit (MFCU) with such information as it may request regarding payments claimed for services provided under these programs.
2. Comply with all federal and state statutes and rules relating to the delivery of services to individuals and to the submission of claims for such services.
3. Provide to DHS its National Provider Identifier (NPI) and include its NPI on all claims, if the provider is eligible for an NPI.
4. Comply with all provisions of [Minnesota Statutes, 62J.536](#), which requires electronic transmission of claims, eligibility and other transactions, using DHS' secure, HIPAA-compliant, automated transaction tool MN-ITS.
5. Accept as payment in full, amounts paid in accordance with schedules established by DHS, except where payment by the member has been authorized by DHS.
6. Enroll in electronic funds transfer (EFT) if the provider is a pay-to provider and if that is requested by DHS.
7. Ensure, when required by law, that a health service program administered by DHS is the payer of last resort by ascertaining the legal and financial liabilities of third parties to pay for covered services, and pursuing such third party payments.
8. Assume full responsibility for the accuracy of claims submitted to DHS in accordance with the certification requirements of the [Code of Federal Regulations, title 42, section 455.18](#) and [Minnesota Statutes, 256B.27](#), subdivision 2.
9. Submit claims at no more than the provider's usual and customary fee to the general public and only after the medical care or service has been provided, in accordance with [Minnesota Rules, 9505.0450](#), subpart 1.
10. Except for claims for services under a waiver program, submit claims only for services, supplies, and equipment that are medically necessary as defined at [Minnesota Rules, 9505.0175](#), subpart 25, and that meet professionally recognized standards of health care that the provider knows or has reason to know are properly reimbursable under federal and state statutes and rules.
11. Make full disclosure of ownership and control information as required by the [Code of Federal Regulations, title 42, sections 455.100 - 455.106](#), and upon request, full disclosure of business transactions, as is required by the [Code of Federal Regulations, title 42, section 455.105](#).
12. Make full disclosure of persons convicted of program crimes as required by the [Code of Federal Regulations, title 42, section 455.106](#).
13. Ensure that the provider, all of its owners, managers, employees and contractors are not excluded from participation in Medicare, Medicaid or other federal health care programs, by searching the [Office of Inspector General List of Excluded Individuals and Entities \(LEIE\)](#). You must conduct this search at the time of enrollment, before hiring new employees or entering into a contract with a contractor, and monthly to see changes since the last search. The provider must immediately report any exclusion information discovered to DHS.
14. Verify member eligibility before rendering services.

15. Comply with all federal statutes, implementing regulations and guidance prohibiting discrimination on the basis of race, color, national origin, sex, age, religion and disability in any program or activity receiving federal financial assistance from DHHS.
16. Provide member services of the same scope and quality as would be provided to the general public, within MHCP guidelines, in accordance with [section 1902\(a\)\(10\)\(B\) – \(E\) of the Social Security Act](#).
17. Comply with the provisions of any fully executed addendum required by DHS, which is incorporated with the Provider Agreement (that is, the addendum becomes part of the original Provider Agreement).
18. Ensure that its employees and contractors comply with all MHCP requirements, including any requirements added post-enrollment.
19. Comply with the advance directive requirements if the provider is a hospital, nursing facility, a provider of home health care, personal care assistance services, hospice, or managed care organization (MCO), as required by the [Code of Federal Regulations, title 42, sections 489.102](#) and [417.436](#).
20. Maintain records that fully disclose the extent of services provided to MHCP members for a period of five years after the initial date of billing DHS, in accordance with [Minnesota Rules, 9505.2160 – 9505.2245](#), or for the duration of contested case proceedings, whichever is longer.
21. Ensure proper handling and safeguarding by the provider’s employees, contractors, and authorized agents of protected information collected, created, used, maintained, or disclosed on behalf of DHS. For the purposes of this agreement, "protected information" means data subject to any of the laws described in 21.A. This responsibility includes:
  - A. Ensuring that employees and agents of the provider comply with and are properly trained about:
    - (1) The Minnesota Government Data Practices Act (MGDPA), Minnesota Statutes Chapter 13, in particular 13.46 Welfare Data;
    - (2) The Minnesota Medical Records Act, [Minnesota Statutes, 144.291 – 144.298](#);
    - (3) The federal Health Insurance Portability and Accountability Act (HIPAA), including but not limited to the requirements of the Privacy Rule and Security Regulations, the [Code of Federal Regulations, title 45, sections 160](#) and [164](#);
    - (4) Federal law and regulations that govern the use and disclosure of substance abuse treatment records, [United States Code, title 42, 290dd-2](#) and the [Code of Federal Regulations, title 42, sections 2.1 – 2.67](#); and
    - (5) Any other applicable state and federal statutes, rules, and regulations affecting the collection, storage, use and dissemination of private or confidential information.
  - B. Ensuring, consistent with the laws stated in 21.A, that the provider's employees, contractors, and authorized agents:
    - (1) Do not use or further disclose protected information created, collected, received, stored, used, maintained or disseminated in the course or performance of this agreement other than as necessary to perform their obligations under this agreement, or as required by law, either during the period of this agreement or after (respectively, the [Code of Federal Regulations, title 45, sections 164.502\(b\) and 164.514\(d\)](#), and [Minnesota Statutes, 13.05](#), subdivision 3).
    - (2) Use appropriate administrative, physical, and technical safeguards to prevent use or disclosure of the protected information other than as provided for by this agreement and to ensure the confidentiality, integrity, and availability of any protected health information that it creates, receives, maintains, or transmits on behalf of DHS.

- (3) Do not transmit protected health information (PHI) over the internet or any other unsecure or open communication channel unless such information is encrypted or otherwise safeguarded using procedures no less stringent than those described in the [Code of Federal Regulations, title 45, section 164.312](#). If the provider stores or maintains PHI in encrypted form, the provider shall, at DHS' request, promptly provide DHS with the key or keys to decrypt such information. The provider shall not forward previously encrypted data to any other party, unless otherwise required by this agreement.
  - (4) Mitigate, to the extent practicable, any harmful effects known to the provider of a use, disclosure, or breach of security with respect to protected information by the provider in violation of this agreement.
  - (5) Make the required notifications upon discovery of a breach, as defined in the [Code of Federal Regulations, title 45, section 164.402](#), of unsecured PHI to DHS, to each individual whose unsecured PHI has been breached, and, when the breach involves the unsecured PHI of more than 500 people, to the media of a state or jurisdiction. See the [Code of Federal Regulations, title 45, sections 164.400 – 164.414](#).
22. Accept and be bound by the terms and conditions of DHS' [Electronic Data Interchange \(EDI\) Trading Partner Addendum to Provider Agreement](#) when billing electronically. The provider acknowledges that any organization or individual that submits claims on its behalf will abide by the EDI Trading Partner Agreement as an agent of the provider. The provider authorizes the agent to bind the provider to the terms of the EDI Trading Partner Agreement. The provider will give each EDI trading partner an individual login ID and password.
  23. For provider entities receiving or making Medicaid payments totaling at least \$5 million annually, establish written policies and procedures for the education of all employees, contractors and agents, that includes information about the False Claims Act and other provisions named in [section 1902\(a\)\(68\)\(A\) of the Social Security Act](#).
  24. Determine the applicability to the provider of any other state or federal laws and ensure compliance with those laws.
  25. Cooperate with DHS audit procedures.
  26. Execute any required Assurance Statements and provide certification or licensure information if required by DHS for a particular provider type. The provider also agrees to notify DHS of any changes to its certification or licensure status.
  27. Comply with [Minnesota Statutes, 256B.0644](#) as a requirement of participation in other state health care programs. The provider agrees to provide active caseload data upon DHS' request and at least 10 days before limiting acceptance of new MHCP members.
  28. Refund any overpayments made to the provider by DHS, including those resulting from payments made by Medicare, third party payers, billing errors, fraudulent billing, and from increased interim payments made pursuant to DHS' plan for continuity of operations during times of pandemic and crisis.

29. Notify DHS no later than 30 days before the effective date of a sale, merger, or transfer of an enrolled entity, in accordance with [Minnesota Rules, 9505.0195](#), subpart 8. Failure to notify DHS may result in the sale or transfer not becoming effective with DHS for any purpose, including claims processing, payment of claims and claims adjustments. The provider also agrees to notify DHS whether it intends to transfer its NPI or its Federal Employer Identification Number (FEIN) to the new owner and to complete any documentation or addenda DHS requires, including a [Provider Entity Sale or Transfer Addendum \(DHS-5550\) \(PDF\)](#). The provider acknowledges that upon sale, merger or transfer of the enrolled entity, DHS will recognize the effective date of the sale or transfer as the date from which all claims payments or adjustments will be assigned to the new owner, without regard to date of service, date of submission to DHS, or adjudication date, including those resulting from a later audit or reprocessed claims. Any intent on the part of the provider or purchaser to the contrary must be addressed in the purchase agreement and transfer documents and is the responsibility of the provider and purchaser to enforce. DHS retains the right to pursue monetary recovery, or civil or criminal actions against the seller or transferor. Nothing in this agreement negates the obligation of the new owner to contact DHS by the effective date of sale, merger or transfer.
30. Accept that this agreement may be immediately terminated for either of the following:
  - A. At the discretion of DHS if it determines that the provider has violated a material term of the agreement, including but not limited to:
    - (1) Noncompliance by the provider with the HIPAA Privacy Rule and Security Standards. If termination is not feasible, DHS shall report the breach to the secretary of DHHS.
    - (2) Failure of the provider to sign a new agreement within 30 days of a request from DHS, in accordance with [Minnesota Rules, 9505.0195](#), subpart 5.
  - B. Upon sale or transfer of the enrolled provider.
31. Ensure that upon termination of this agreement, the provider shall continue to:
  - A. Extend all of the protections of this agreement to all of the protected information DHS provides to the provider, or created or received by the provider on behalf of DHS, that the provider still maintains in any form, including information that is in the hands of the contractors and agents of the provider, and limit its further use and disclosure.
  - B. Maintain all other records of claims submitted for a minimum of five years, consistent with paragraph 20 of this agreement.
32. Accept that any ambiguity in this agreement will be resolved to permit DHS to comply with HIPAA, MDGPA, and other applicable state and federal statutes, rules, and regulations affecting the collection, storage, use and dissemination of private or confidential information and other state and federal laws and regulations.

## Definitions

### Agent

Agent means any person who has been delegated the authority to obligate or act on behalf of the provider.

### Managing employee

Managing employee (not CEO, CFO, COO, CTO) means a person who exercises operational or managerial control over, or who directly or indirectly conducts or manages the day-to-day operations of an institution, organization, agency or school, such as a general manager, business manager, administrator, director.

### Ownership or control interest

Ownership or control interest means any person, business or organization to which any one or more of the following apply:

- Direct ownership of 5 percent or more in the disclosing entity
- Indirect ownership interest equal to 5 percent or more in a disclosing entity (meaning ownership in another entity that has an ownership interest in the disclosing entity)
- Determine the amount of indirect ownership interest by multiplying the percentages of ownership in each entity. For example, if A owns 10 percent of the stock in a corporation that owns 80 percent of the stock of the disclosing entity, A's interest equals an 8 percent indirect ownership interest in the disclosing entity and must be reported. Conversely, if B owns 80 percent of the stock of a corporation that owns 5 percent of the stock of the disclosing entity, B's interest equals a 4 percent indirect ownership interest in the disclosing entity and need not be reported
- A combination of direct and indirect ownership interest equal to 5 percent or more in the disclosing entity

- Owns an interest of 5 percent or more in any mortgage, deed of trust, note or other obligation secured by the disclosing entity if that interest equals at least 5 percent of the value of the property or assets of the disclosing entity. Determine the percentage of ownership, mortgage, deed of trust, note, or other obligation by multiplying the percentage of interest owned in the obligation by the percentage of the disclosing entity's assets used to secure the obligation. For example: If A owns 10 percent of a note secured by 60 percent of the provider's assets, A's interest in the provider's assets equals 6 percent and must be reported. If B owns 40 percent of a note secured by 10 percent of the provider's assets, B's interest in the provider's assets equals 4 percent and need not be reported
- Is an officer or director of a disclosing entity that is organized as a corporation (for profit or non-profit)
- Is a partner in a disclosing entity that is organized as a partnership.

# DHS-7618 - Home and Community-Based Settings Applicant Assurance Statement

MINNESOTA HEALTH CARE PROGRAMS (MHCP)

## Home and Community-Based Settings Provider Assurance Statement

PROVIDER NAME Sampleville Community Resource Center		Leave blank if your agency would like to be assigned a UMPI. →		NPI or UMPI 1111111111
ADDRESS 1234 Main Street				
CITY Sampleville			STATE MN	ZIP CODE 50000

This assurance statement is an addendum to the provider's Minnesota Health Care Programs (MHCP) Provider Agreement.

### Definition of Home and Community-Based Settings

The federal Centers for Medicare & Medicaid Services (CMS) changed the definition of home and community-based settings found in Title XIX of the Social Security Act, sections 1915(c) and 1915(i) for Medicaid Home and Community-Based Services. The rule raises expectations around what is possible for older adults and people with disabilities. It requires that all people:

- Have information and experiences with which to make informed decisions
- Are treated with respect and are empowered to make decisions about how, when and where to receive services
- Have opportunities to be involved in the community, including living and working in integrated settings

Refer to [Covered and Noncovered Services](#) in the Home and Community-Based Waiver Services (HCBS) section of the MHCP Provider manual to review the policy information and definitions for the services listed on this page.

I provide the following service(s) (check all that apply):

- Adult Foster Care
- Adult day services or adult day services bath
- Adult day services, family adult day services (FADS)
- Community Residential Services (Adult)
- Community Residential Services (Child)
- Customized living
- Day Support Services
- Family Residential Services (Adult)
- Family Residential Services (Child)
- Integrated Community Supports
- Prevocational services

Providing these services is not necessary when enrolling as a Housing Stabilization Services provider.

For Housing Stabilization Services, refer to the [Housing Stabilization Services](#) section of the MHCP Provider manual to review the policy information and definitions for the services listed on this page.

I provide the following service(s) (check all that apply): *Check the services your agency will be providing (check at least one). Your agency can provide one or both of these services.*

- Housing Consultation
- Housing Transition and Housing Sustaining

## Provider Assurance Statement

By initialing the following statements (electronic initials accepted), I, the provider listed on this form, assure that the initialed statements are correct for the services my organization provides (as checked in the previous section).

### For all Services Provided *Initial all in this section.*

JD My agency or organization complies with all home and community-based services (HCBS) setting requirements identified by CMS in the Code of Federal Regulations, title 42, sections 441.530, 441.710, or 441.725:

JD The setting is integrated in and supports full access of people receiving Medicaid HCBS to the greater community, including:

- opportunities to seek employment and work in competitive integrated settings
- the ability to engage in community life
- control personal resources
- receive services in the community to the same degree of access as individuals not receiving Medicaid HCBS

JD The setting ensures an individual's rights of privacy, dignity and respect, and freedom from coercion and restraint.

JD The setting optimizes, but does not regiment, individual initiative, autonomy and independence to make life choices, including, but not limited to, daily activities, physical environment and with whom to interact.

JD The setting facilitates individual choice about services and supports, and who provides them.

### For Residential Services Only *Initial all in this section if your agency provides Housing Stabilization-Sustaining in a provider-owned or controlled residential setting.*

My agency or organization understands in a provider-owned or controlled residential setting (foster care, customized living, community residential services, family residential services, housing stabilization-sustaining, integrated community supports), in addition to the requirements specified in the previous section, we must meet the following additional conditions:

The unit or dwelling (for example, single-family home or apartment) is a specific physical place that the person receiving services can own, rent or occupy under a legally enforceable agreement. Also, the individual has, at a minimum, the same responsibilities and protections from eviction that tenants have under the landlord-tenant law of the state, county, city or other designated entity. For settings in which landlord-tenant laws do not apply, a residency agreement or other form of written agreement will be in place for each person receiving services, and that the document provides protections that address eviction processes and appeals comparable to those provided under the jurisdiction's landlord-tenant law.

People receiving services have privacy in their sleeping area or living unit.

People receiving services can lock entrance doors to units or bedrooms, with only appropriate staff having keys to doors.

People receiving services that share units or bedrooms have a choice of roommates in that setting.

People receiving services have the freedom to furnish and decorate their bedroom or living units according to the lease or other agreement.

People receiving services have the freedom and support to control their own schedules and activities, and have access to food at any time.

People receiving services are able to have visitors of their choosing at any time.

The setting is physically accessible to the person receiving services.

This field is a continuation of the previous page.

The additional conditions for residential settings will only be modified for a person receiving services if the modifications meet **all** the following:

- Are agreed to and documented in the person's service plan
- Will not result in a setting having the qualities of an institution
- Are not imposed upon others in the same residence
- Are the least restrictive alternative, imposed for the shortest possible time, to meet the person's needs.

### **For Elderly Waiver or Alternative Care Only** Skip this section. Do not initial this section.

\_\_\_\_\_ I will provide adult day services, adult foster care, customized living or family adult day services under the Elderly Waiver or Alternative Care program in the following location (initial one):

\_\_\_\_\_ In a hospital, nursing facility, intermediate care facility with developmental disability (ICF/DD), or institution for mental disease (IMD). For example, the waiver service setting and the facility location share the same address or share a common wall.

Name of institution or facility: \_\_\_\_\_

\_\_\_\_\_ Adjacent to a public\* hospital, nursing facility, intermediate care facility with developmental disability (ICF/DD), or institution for mental disease (IMD). For example, the waiver service setting's location is touching the institutional facility or its property with no intervening parcel of land between the two settings.

\*Definition of public: A public institution is an inpatient facility that is financed and operated by a county, state, municipality, or other unit of government. A privately owned nursing facility is not a public institution.

Name of institution or facility: \_\_\_\_\_

\_\_\_\_\_ Initial here if neither apply.

### **For Disability Waivers Only** Skip this section. Do not initial this section.

\_\_\_\_\_ I assure that people receiving customized living (Brain Injury [BI] or Community Access for Disability Inclusion [CADI]), community residential services (BI, Community Alternative Care [CAC], CADI, or Developmental Disabilities [DD]), family residential services (BI, CAC, CADI or DD) or integrated community supports (BI, CAC, CADI or DD) are not authorized to receive these services in the following settings:

- Adjoined to or on the same property as an institution (nursing facility, hospital, ICF/DD)
- Institution for mental disease (IMD)
- Other institution that has any financial interest in the living setting

\_\_\_\_\_ For settings established on or after July 1, 2019, I assure that people receiving adult day services (BI, CAC, CADI or DD), family adult day services (BI, CAC, CADI or DD), day support services (BI, CAC, CADI or DD), or prevocational services (BI, CAC, CADI or DD) are not authorized to receive them in the following settings:

- Adjoined to or on the same property as an institution (nursing facility, hospital, ICF/DD)
- Institution for mental disease (IMD)
- Other institution that has any financial interest in the living setting.

This requirement only applies to new adult day, family adult day, day support, or prevocational settings established on or after July 1, 2019.

## EFT Supplier ID Notification

MHCP providers must have an active 10-digit supplier ID and a 3-digit supplier location code assigned from Minnesota Management & Budget (MMB) upon registering as a supplier in order to receive electronic funds transfers (EFT). MHCP uses the MMB supplier ID to pay providers for services rendered to MHCP members. Use this form to notify MHCP of your supplier ID and supplier location code.

To obtain the 10-digit supplier ID needed to complete this form, you **must have completed the following**:

- Go to [Minnesota Supplier Portal website](#) and select "Register for an Account" and register as a "New Supplier" to get a supplier ID and supplier location code.
- To update or add banking information to an existing Supplier ID via the Supplier Portal, refer to [Update Supplier Profile](#) or you can submit the [MMB EFT Bank Change Request \(PDF\)](#). If you have questions whether your supplier ID is active for direct deposit, call MMB at 651-201-8106.

It will take 10 business days after adding your banking information before your supplier ID becomes active. After that, notify MHCP of your supplier ID for electronic funds transfers (EFTs) in the following ways:

1. Complete it electronically by using our online Minnesota Provider Screening and Enrollment (MPSE) portal.
  - New providers [register for MPSE](#).
  - Existing MHCP enrolled providers, [log in to your MN-ITS account](#). If you never registered your MN-ITS account, your login information is on your original "Welcome" Letter.
2. Use this form to type or neatly print the requested information as completely as possible. Complete all fields. An incomplete form will delay processing this application. Fax this form to MHCP Provider Eligibility and Compliance: 651-431-7462.

If you have questions about how MHCP may use and disclose private information about you, please see our [Data Privacy Notice \(DHS-6287\) \(PDF\)](#).
